## DEFINITIONS

Eligible Voters	The number of eligible voters for an election conducted in the city is determined by the most recent City of Red Deer census.
Over Vote	When more selections have been made than the number permitted e.g. the ballot says vote for a maximum of 8 and the voter make 9 selections. An over vote results in the ballot being rejected and the votes are not counted
Under Vote	When less than the permitted number of votes are cast e.g. the ballot says vote for a maximum of 4 and the voter makes only 2 selections. This would result in two under votes. All votes made are counted
Voter Turnout	<p>The number of eligible voters who voted divided by the number of eligible voters to provide a percentage of voter turnout.</p> <p>For the purposes of this report, the Voter Turnout Percent is only calculated on elections held within the city of Red Deer</p>
